

Polygon::move

InsertionSort::sort

List::get_mut

```
graph LR; A[Polygon::move] --> C[List::get_mut]; B[InsertionSort::sort] --> C;
```

A diagram illustrating a relationship between three functions. On the left, two white rectangular boxes are stacked vertically. The top box contains the text 'Polygon::move' and the bottom box contains 'InsertionSort::sort'. On the right, a gray rectangular box contains the text 'List::get_mut'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both 'Polygon::move' and 'InsertionSort::sort' are associated with or point to 'List::get_mut'.
